Best Practice 1

Title of the Practice: Towards a Clean and Better Environment

Objectives of the Practice

The prime objective is to inculcate responsibilities among the students towards a clean and better environment for sustainable development.

The Context

Environmental degradation now-a-days becomes a serious concern since it is directly related to sustainability of the earth. Among the major causes, human caused factors are seriously responsible for this issue.

The Practice

The present practice delves to aware the student community of the college about pro-environment actions, which are must-need options to counter environmental degradation. The small steps towards a clean and better environment may lead to positive changes in future. To inculcate environmental values among students, both awareness programme and actions were undertaken.

Evidence of Success

For successful implementation of the practice, students were sensitized by organizing awareness programme on the stated best practice. As a result of the initiative, students and staff of the college conducted a mass cleanliness drive; planted saplings in the college and at home even in pandemic period.

Problems Encountered and Resources Required

More student volunteers and teachers requires for extensive implementation of the practice. Besides, constraint of fund is realized in view of absence of external assistance in this regard.

Best Practice 2

Title of the Practice: Encouraging Extra-Curricular Activity

Objectives of the Practice

The prime objective is to motivate and encourage students for participation in extra-curricular activity for holistic development.

The Context

Extra-curricular activities are important aspect for holistic development of students, which not only contributes physical development but also improves mental capacity of the students. Besides, it also creates additional career opportunity for students.

The Practice

The present practice delves to aware the student community of the college to engage on extra-curricular activity. To create a competitive environment, the students of the college are divided into house, where house in-charge is motivating the students for maximum participation and also provide guide for the events. Besides, the college has self-defense and music club to motivate and encourage students on such events.

Evidence of Success

As a result of the mutual effort by both teacher and students there was increasing number of participants in the Annual College week. Besides, the student football team and volleyball team also participated in the district level competition. One of our student has won gold medal in the 7th National Tong Il Moo Do Martial Arts Championship, 2021.

Problems Encountered and Resources Required

More student volunteers and teachers requires for extensive implementation of the practice. Besides, constraint of fund is realized in view of absence of external assistance in this regard.
