EVENT: Educational Tour to NEHU, Shillong

DATE: 3th January, 2019

B.Sc. 5th semester (Honours) students were taken on a two-day educational trip to the Department of Zoology, North-Eastern Hill University, Shillong on 3rd of January, 2019. Dr. Manalisha Deka and Mrs. H. Medhi journeyed and accompanied 13 students. They left from Nagaon, Barpeta at 6:30 a.m. and arrived at the destination at about 1 p.m. During the journey, a small snack was arranged to help them gain energy before heading to their destination. After arriving, a group photo was taken outdoors for departmental use. Teachers led the students to the Department of Zoology where they got to observe sophisticated instruments like Transmission Electron Microscope (TEM) and Scanning Electron Microscope (SEM). Their scholars provided a quick introduction about their department, the activities they carry out in their laboratory and provided our students with a basic understanding of sophisticated instruments and its importance in the area of biology. The next day, they visited Cherrapunji to explore the scenic beauty of North Eastern Hill regions. On January 5th, they headed back for Barpeta. This tour was extremely beneficial to our students that helped them gain practical experience. The trip was thus beneficial and successfully completed.
