EVENT: Observation of National Science Day cum inauguration of departmental annual magazine and wall magazine

DATE: 28th February, 2020

VENUE: Department of Zoology, BBK College

TIME: 10:30 am to 3:00 pm

THEME OF THE YEAR: “Radiation and Radioisotopes in Healthcare”

Every year on February 28th, the Department of Zoology observes National Science Day to commemorate the discovery of the Raman Effect by Indian physicist Sir CV Raman. This year also National Science Day was observed in association with Zoological Society of Assam (ZSA). The programme began with a welcoming remark by one of our students, followed by the lighting of an earthen lamp in honour of Sir CV Raman by the Principal and members of the department as a tribute to the great physicist. The President of the event gave out the agenda of the event, which was followed by the felicitation of the Principal and other visitors. Dr. Nabajit Das, Associate Professor of BH College, Barpeta was invited as a resource person. The resource person delivered talk on science day that and theme of the year. Our students conducted a talk on why Science Day is observed every year and Sir CV's contribution to society. Our students also delivered speech about the National Science Day theme of the year. The Principal, additionally unveiled the annual departmental magazine “ZOOLOGICA” and the wall magazine was inaugurated by the invited resource person. The students worked tirelessly, which was obviously reflected in the magazine that was released. Speeches were given by the Principal and visitors to inspire our pupils to believe in themselves and work hard in order to achieve success in life. To re-energize the attendees, a tea break was planned. Later, the event's President expressed her heartfelt gratitude for successfully organizing the programme and the ceremony was finished with a vote of thanks.
