

REPORT ON: International Lecture Series, 2023

RESOURCE PERSON: Dr. Susmita Dey

DATE: 27th August, 2023

On August 27, 2023, department of Zoology in collaboration with IQAC, BBK College organized an online International Lecture Series. The invited resource person was Dr. Susmita Dey, who is a research fellow at the Department of Biomedical Engineering and Interventional Radiology, Lerner Research Institute Cleveland Clinic, Ohio (USA). Dr. Susmita delivered a talk on the topic “Hepatocellular carcinoma and its targeted therapies : An overview”. The lecture was conducted through an online meeting platform: Google Meet (Meeting Link : <https://meet.google.com/kya-izei-dcd>). Mrs. Mrinali Hazarika, HoD, started off the session promptly at 6:30pm IST, followed by a welcoming remark by Dr. Pradip Das, Principal and introduction of resource person by Dr. Manalisha Deka. The resource person began with a broad review of hepatic architecture and progressed to hepatocellular cancer and the potential targeted treatments. The presentation was really beneficial for our students and the entire audience. The resource person then went into depth on the causes and precautions that may be taken to live a healthy lifestyle. Following the discussion, a interaction session was organized in which participants were requested to ask any questions they had. Both students and faculty members put forwarded their questions, which were expertly answered by our resource person. The lecture series could record a total of 106 participants, including both students and faculty members. The session was concluded with a vote of thanks by Miss Illora Narzary.
