The Alumni group of Zoology Department BBK College were invited on this programme in view of the item donated by the Alumni group. The department of Zoology has maintained close relationships with its graduates. Since 2014, several students have graduated from the Zoology department, contributing to the creation of a sizable Zoology dept. BBKC alumni family. The alumni group decided to provide a contribution to the department that will be remembered and appreciated by the department forever. The key to the item (bookshelf) was handed over to the HoD of the department on this day, in the presence of our revered Principal Sir of the college, for use of the item given in the department. It was a joyous occasion for the department and the alumni group will be remembered for their generosity to the department.
