

REPORT ON: International Lecture Series, 2023

RESOURCE PERSON: Dr. Utpal Das

DATE: 10th September, 2023

On September 10, 2023, department of Zoology in collaboration with IQAC, BBK College organized an online International Lecture Series. The invited resource person was Dr. Utpal Das, who is an Associate Scientist Department of Neuroscience University of California San Diego (USA). Dr. Das delivered a talk on the topic “From Brain to Neurons: Ways to Study Neurological Diseases”. The lecture was conducted through an online meeting platform: Google Meet (Meeting Link : <https://meet.google.com/kya-izei-dcd>). Mrs. Mrinali Hazarika, HoD, started off the session promptly at 7:00 pm IST, followed by a welcoming remark by Dr. Pradip Das, Principal and introduction of resource person by Miss Illora Narzary. The resource person started with a brief discussion on brain cells and its core functions in our body. The presentation was very informative with video clips on how neuron works and what they do at their laboratory for the benefit of mankind. Our participants were glued to their screen on seeing and listening to the information shared. The resource person explained what Alzheimer disease is, who are at risk of suffering from the disease and how in their laboratory they are finding solutions to tackle the problem for future aspects. The presentation was really beneficial for our students and the entire audience. Following the presentation, an interaction session was organized in which participants were requested to ask question regarding the talk. Both students and faculty members were engaged in query session, which were expertly answered by our resource person. Despite bad internet network, the lecture series could record a total of 78 participants, including both students and faculty. members. The session was concluded with a vote of thanks by Dr. Manalisha Deka.
