

REPORT ON: Educational Tour to Government Sericultural Farm, Howly, Barpeta
DATE: 8th May, 2023

As part of their skill enhancement course, B.Sc. 4th semester (honours) students were taken on a one-day educational excursion to the Government Sericultural Farm, Howly on May 8, 2023. Miss Illora Narzary, a departmental faculty member, accompanied 19 pupils. and arrived to Sericulture Howly at 9:30 a.m. Permission was obtained from the manager of the Government Sericultural Farm, Howly, Kulendra Nath Pathak, prior to the visit. The visit was really valuable for our students since the manager and his team members showed them several cocoons of silk worms, informed them about the raising process and taught them about the dietary habits of different silk worms. The Howly Sericulture team brilliantly demonstrated the economic value of silkworm and their silks. After the session the team were offered with a cup of tea for relaxation after a long day interaction. The team headed back towards Nagaon at 4 pm.

The detail of the programme is given below:
