

**REPORT ON: B.Sc. 5th Semester (Honours) Departmental Seminar****DATE: 28th September, 2023****Venue: Department of Zoology****Time: 12:00-2:00 p.m.**

As part of their curriculum, B.Sc. 5th semester (Honours) students gave seminar presentation on 28th September, 2023. The presentation started from 12:00 p.m. at the departmental class room in presence of departmental staff members. A total of 19 students gave their seminar presentation. The students produced a PowerPoint presentation and presented the pre-assigned themes from their curriculum. Following each presentation, a question and answer session was held to address any student's query. Overall, the students did an excellent job presenting their given themes, which will help them develop confidence for their next assignment.

The detail of the programme is given below:

Program name	Program code	Name of the course that include experiential learning through project work/field work/internship	Course code	Year of offering
