Report

Workshop on *LED bulb fabrication*

Organized by: Dept. of Physics, BBK College

Convenor: Dr. Mrinal Kumar Mishra, Assistant Professor, BBK College

Objective of the workshop:

A one day workshop on LED bulb fabrication was organized by Dept. of Physics, BBK College on 3rd February, 2024. This workshop was primarily organized for under-graduate students to enhance their skill to fabricate LED bulb using discrete components available at low price in the market. Students from our college participated in this workshop and they have learnt a lot about soldering and fixing different components required for the purpose.

The programme started with a formal inauguration session chaired by Dr. Pradip Das, Principal, BBK College. Faculties of the departments also joined in this session.
