Report on-
Awareness Programme on “Climate Change”
Cum
Documentary Film Screening

25/ 05/ 2023
Thursday

Today, the 25th of May, 2023 an awareness Programme on “Climate Change” was organized by IQAC among students to bring an awareness about the causes and effects of climate change, as well as to encourage the students to take action to reduce their carbon footprint.

Mr. Aminur Rahman, an Associate Professor in the Department of English, gave an introductory lecture on the topic. He emphasized the fact that climate change is a global phenomenon that has become a major concern in recent years. He also highlighted the fact that it is mainly caused by human activities, like deforestation, burning of fossil fuels, industrial processes which release green house gases into the atmosphere.

After the introductory speech, two documentary films on climate change were screened. This gave an insight into the causes and effect of climate change and also highlighted the ill effects of our insensitive actions that causes change in the environment.

The programme was effective in increasing awareness about climate change. The students enjoyed the documentary film screening session and resolved to do their best to change their lifestyle, such as reducing their energy consumption, using public transport and recycling.

The vote of thanks was delivered by Manalisha Tumung, an Assistant Professor in the department of Education.

No. of Participants: 42 Students

SI No.	Name of the Short Film	Language	Link
1	Climate Change	English	https://www.youtube.com/watch?v=jAa58N4JJos
2	Journey- Towards Environmental Awareness	Hindi	https://www.youtube.com/watch?v=bgCCIS4iJTM
