

Report on-
World Wetland Day, 2023

04/ 02/ 2023

World Wetland Day was celebrated in BBK College on the 4th of February, 2023 under the aegis of BBK College NCC Unit. The theme for World Wetlands Day is 'Wetland Restoration' in 2023 which highlights the urgent need to prioritize wetland restoration.

The day was celebrated with a focus on cleaning the water bodies surrounding the college. NCC cadets from the college played a leading role in the cleanup effort, collecting garbage and debris from the banks and waters of the nearby wetlands.

The event began with a brief awareness program on the importance of wetlands and the need to protect them. Capt. Jakir Hussain, the ANO of BBK College NCC Unit presented a lecture on the role of wetlands in maintaining balance of the ecosystem. The program was attended by students, faculty, and staff of the college.

After the awareness program, the NCC cadets divided themselves into groups and began cleaning the water bodies. They collected a variety of garbage, including plastic bottles, bags, and food wrappers. They also removed invasive plants and other debris from the water.

The cleanup effort lasted for around two hours, and by the end of the day, the NCC cadets and volunteers had collected a significant amount of garbage. The garbage was properly disposed of to ensure that it did not end up back in the water bodies.

The celebration of World Wetland Day at BBK College was a success, and it helped to raise awareness about the importance of wetlands and the need to protect them. The NCC cadets played a commendable role in the cleanup effort, and their hard work helped to make the water bodies surrounding the college cleaner and healthier.

The celebration of World Wetland Day and the cleanup effort helped to raise awareness about the importance of wetlands and the need to protect them. This increased awareness can lead to positive changes in behavior, such as reduced pollution and increased conservation efforts.

Overall, the celebration of World Wetland Day at BBK College and the cleanup effort of the surrounding water bodies was a success. The NCC cadets and other volunteers deserve praise for their hard work and dedication.

The Cadets were then served with snacks and tea.
