Policy Document **Green Campus Initiative**

Introduction

The purpose of this policy document is to outline the **"Green Campus Initiative"** at Baosi Banikanta Kakati College, Nagaon, Barpeta. The **"Green Campus Initiative"** is a comprehensive effort to reduce the adverse environmental impact of the college campus and promote sustainability. The program includes a variety of initiatives, such as:

- **Energy conservation**: The College is committed to reducing its energy consumption. This will be accomplished through a variety of measures, such as installing energy-efficient lighting and appliances and promoting energy-efficient transportation.
 - **Water conservation**: The College is committed to reducing its water consumption. This will be accomplished through a variety of measures, such as rain water harvesting, preserving the natural water bodies, installing water-efficient fixtures, repairing leaks, and promoting water-saving practices.
 - **Waste reduction**: The College is committed to reducing its waste. This will be accomplished through a variety of measures, such as reducing single-use plastics, composting food waste etc.
 - **Sustainable transportation**: The College is committed to promoting sustainable transportation options on campus. This will be accomplished through a variety of measures, such as encouraging the use of bicycles, restricting the entry of motor vehicles to the campus.
 - **Green building**: The College is committed to building and renovating its facilities in a sustainable manner. This will be accomplished through a variety of measures, such as installing solar panels, and designing buildings to be energy-efficient (adequate windows for natural lighting).
 - **Landscaping**: The College is committed to enhance the scenic beauty contributing to the serene and tranquil environment. This will be accomplished through a variety of measures, such as plantation drives, maintenance of botanical & dedicated gardens, maintenance of water bodies etc.

Goals and Objectives

The goals of the "Green Campus Initiative" are to:

- Reduce the environmental impact of the college campus.
- Promote sustainability on campus.
- Educate students, faculty, and staff about sustainability.

The objectives of the "Green Campus Initiative" program are to:

- Reduce energy consumption.
- Reduce water consumption.
- Reduce waste.
- Ban Single Use Plastic.
- Promote sustainable transportation options on campus.
- Build and renovate facilities in a sustainable manner.

Implementation Plan

The "Green Campus Initiative" program will be implemented through a variety of strategies, including:

- Policy: The College will adopt policies that support sustainability.
- Programs: The College will offer a variety of programs and services to promote sustainability, such as a recycling program, a campus cleaning drive, plantation drive, and a sustainability education program.
- Infrastructure: The College will invest in infrastructure that supports sustainability, such as solar panels, energy-efficient lighting, and water-efficient fixtures.
- Outreach: The College will reach out to students, faculty, and staff to educate them about sustainability and encourage them to participate in the "Green Campus Initiative" program.

Evaluation

The "Green Campus Initiative" program will be evaluated on a regular basis to assess its progress and identify areas for improvement. The evaluation will be conducted by a committee of faculty, staff, and students. The committee will use a variety of methods to evaluate the program, such as surveys, interviews, and data analysis.
